Yes, epointplus.com eBooks can be accessed in your school or library or from home 24 hours a day.

Can eBooks be integrated into MARC records?

Yes, every epointplus.com eBook has a free MARC record link that takes users directly to the eBook—which is available upon request.

I'm currently an epointbooks.com user. Can I migrate my eBook collection over to epointplus.com?

Yes, you can. There are several options available for you to choose from. Give us a call at 877-444-0210 to work on a customized solution that best suits your needs.

I've just migrated my epointbooks.com eBooks over to epointplus eBooks. Can I get new MARC records?

Yes, new MARC records are available and necessary to access your epointplus eBooks. But it is important that you first delete the MARC records for your epointbooks eBooks from your cataloging system before you upload the new MARC records.

Is there a way that users can view eBooks that match their appropriate reading level?

Yes, with epointplus.com, there are several ways that you can navigate your collection of eBooks to help the user ensure that they're reading an eBook that's at their appropriate reading level. You can sort through your eBook collection by specifying either a grade range, an ATOS level range, a Lexile level range, or even a Guided Reading Level range. This will help you match the appropriate collection of eBooks to the user.

Can individual user accounts be created for users?

Yes, epointplus.com has the capabilities to create individual user accounts. Please call us at 877-444-0210 and we'll walk you through the setup process.
